### The sailing sanctuary: *Indonesia*

From the team behind Bali's sustainably minded, family owned Nirjhara retreat, new private-charter and ultra-luxe traditional yacht Vela sets sail in 2022. The six-cabin boat will travel individually curated itineraries that take in remote corners of the Indonesian archipelago. This can include the famous Raja Ampat Islands and the World Heritage site of Komodo National Park, as well as exploring myriad lesser-known coves and secret beaches. While on board, there is an expansive lounge to admire the endless ocean vista, beautiful indoor and outdoor dining spots, a serene yoga deck, well-stocked bar and wine cellar, and a therapist on hand to offer beauty and wellbeing treatments.
